

Test Security Agreement

InstallationMasters™ requires that Instructors complete this form in order to be given access to test books.

I understand that it is unethical for anyone involved in the Installer Certification Testing to:

1. give candidates access to test questions prior to testing;
2. reveal, copy, reproduce, or use in any manner inconsistent with test security rules all or any portion of any secure test book;
3. coach candidates during testing, or alter or interfere with the candidates responses in any way;
4. make answers available to candidates;
5. fail to follow security rules for distribution and return of secure tests as directed, or fail to account for all secure materials before, during or after testing.
6. fail to notify ATI of cheating.

I certify that I understand the secure and confidential nature of the InstallationMasters™ Commercial testing program and will comply with test security regulations.
